

Image	Name	Description	Price ex VAT
	Roof plate	Galvanized steel roof passages made to order please call and specify size and angle of roof pitch If you do not find what your looking for please call 01455 616 444	£0.00
	0.80 dia Suspension clip single hangar With hanger bolt	80 Diameter Suspension clip single hangar With hanger bolt Bracket Suspension clamps for ducts 80mm Diameter range from 80 mm up to 1000 mm sizes from 80mm to 1000mm If you do not find what your looking for please call 01455 616 444	£2.78
	1 Meter of Metal flexible Ducting 100 Dia sold per metre,	One meter of Metal flexible Ducting 100 Dia sold per metre, Maximum Length 20 meters Galvanised Steel Griplock Tubing is made from deep drawing quality carbon steel to BS.1449 electro galvanised. The tube is manufactured by winding profiled metal strip into a tube, the edges being completely interfolded. Griplock tubing has high tensile strength and strong resistance to crushing. This tube is particularly well suited to Absorbing vibration, thermal expansion and noise attenuation. Ducting of air smoke & fumes Dry bulk handling; ash, dust, paper trim,...	£39.16
